Data Marking

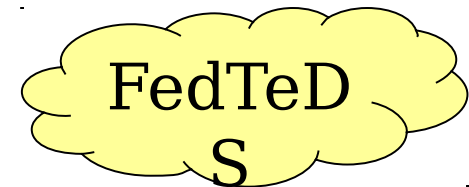

Presented by:

Sarah Ertter

NAVICP, Code M-85422

Ready. Resourceful. Responsive!

- ◇ **Restrictive markings on unmarked technical data are handled/interpreted differently DoD-wide**
 - ◇ *Distribution Statement*
 - ◇ *Export Control*
 - ◇ *Destruction Notice*
- ◇ **Ambiguous regulations**
- ◇ **Web dissemination**
- ◇ **Regionalization**

POLICY

It is in violation of Title 10, United States Code, Section 140c, as added by Public Law 98-94, "Department of Defense Authorization Act of 1984" Section 1217, September 24, 1983 to release certain technical data with military or space applications, which could happen in cases where drawings are unmarked and/or incorrectly marked.

DoD Marking Requirements

- ◇ **DoD Directive 5230.24 of 18 Mar 87**
- ◇ **Subject:** DISTRIBUTION STATEMENTS ON TECHNICAL DOCUMENTS
- ◇ Mandates use of Export Control Warning Notice
 - ◇ “Warning - This document ...restricted by the Arms Export Control Act (Title 22,U.S.C.,Sec.2751...”
- ◇ DOD managers of technical programs must assign distribution statements to all technical documents generated within their programs before primary distribution.
 - ◇ Distribution Statements A,B,C,D,E,F and X
- ◇ Mandates destruction notice for documents containing export-controlled data
 - ◇ “Destruction Notice...destroy by any method that will prevent disclosure of contents or reconstruction of the document.”

SECNAV Marking Requirements

SECNAVINST 5510.36, Exhibit 8A

"The distribution statement shall be displayed conspicuously so it is readily recognized by recipients. For standard written or printed material, the distribution statement shall appear on the face of the document, title page, and DD 1473, Report Documentation Page... If the technical information is **not in standard** written or printed form and does not have a cover or title page, the distribution statement shall be conspicuously stamped, printed, or written by other means."

NAVSEA Requirements

- ◇ **NAVSEA Ltr 09T1C3/737 of 7 Jun 2000**
 - ◇ **Subject:** *DISTRIBUTION STATEMENTS ON UNMARKED DRAWINGS THAT ARE TRANSMITTED ELECTRONICALLY*
 - ◇ *“The applicable Distribution Statement and Warning Notices must appear within the drawing image, and not solely on the JEDMICS index page, in order to communicate controls to users who download data from the JEDMICS service. A destruction notice shall also be placed on the drawing image.”*

- ◇ **NAVSEA Instruction 9085.2B of 13 Apr 2001**
 - ◇ **Subject:** *ENGINEERING DRAWING ACQUISITION AND LIFE-CYCLE MANAGEMENT POLICY AND RESPONSIBILITIES*
 - ◇ *“Availability of correct and usable engineering drawings and associated data is essential to the acquisition and life-cycle maintenance, procurement, shipboard operations, repair and modernization of Navy ships and equipment...”*

NAVSEA Requirements cont'd

◇ NAVSEA Ltr 04L235/549 of 16 Oct 2001

- ◇ **Subject:** DISTRIBUTION STATEMENTS ON UNMARKED ELECTRONIC DRAWINGS
- ◇ Authorized NAVICP to mark NAVSEA drawings until all NAVSEA drawings are received marked.

◇ NAVSEA Ltr 04L235/001 of 25 Apr 2002

- ◇ **Subject:** DISTRIBUTION STATEMENTS AND OTHER MARKINGS AS REQUIRED ON ALL ENGINEERING DRAWINGS
- ◇ "...unmarked or improperly marked (drawings)...results in significant non-availability of correct and usable data to meet the Fleet's needs. It also adds cost and caused delay to Procurement Administrative Lead-Time (PALT) in the reprourement of spare and repair parts.
- ◇ PEOs and NAVSEA PMs are requested to ensure proper marking of NAVSEA engineering drawings is accomplished on all programs."
